

# How to have more impact with our new webcast solutions

Webinar Solutions and the Federation of Enterprises in Belgium (FEB) have joined forces to set up a new, state-of-the-art webcast studio in the heart of Europe. Our aim? To help you achieve your goals. We want your organisation to enjoy a maximum return on investment by using our new streaming solutions.

Brought to you by:

## How we can make all the difference for you

- Webinars, live streams and webcasts from our professional studios (Brussels and Mechelen) with full technical, audiovisual and content support
- Personalised coaching to help you prepare and present your live webinar, keynote video or vlog recording
- Time-efficient video productions and live webinars with a clear return on investment
- Facilitating hybrid events in collaboration with BeVenue, the FEB conference center in central Brussels
- Professionals ready to design your slides, visuals, graphical videos and animations if you don't have the time
- Client-focused approach
- Fair and affordable rates
- Fully corona-proof studios
- GDPR-compliant streaming platforms

### Interested?

We would be delighted to tell you more about our customised and integrated solutions!
