Land Farm & Men
An Organic Farming Company**

Land Farm & Men - Link between Soil & Nutritional Quality

The capacity of a specific kind of soil to function, within natural or managed ecosystem boundaries, to sustain plant and animal productivity, and support human health and habitation

Agroecology-Soil conservation-Regenerative agriculture

- Plenty of underground animal and plant activity (earthworms & fungi)
- A healthy, spread-out root system is also a sign, of good soil.

The adequate amounts of essential nutrients (carbohydrates, fats, proteins, vitamins and minerals) which are necessary for the proper functioning of the body

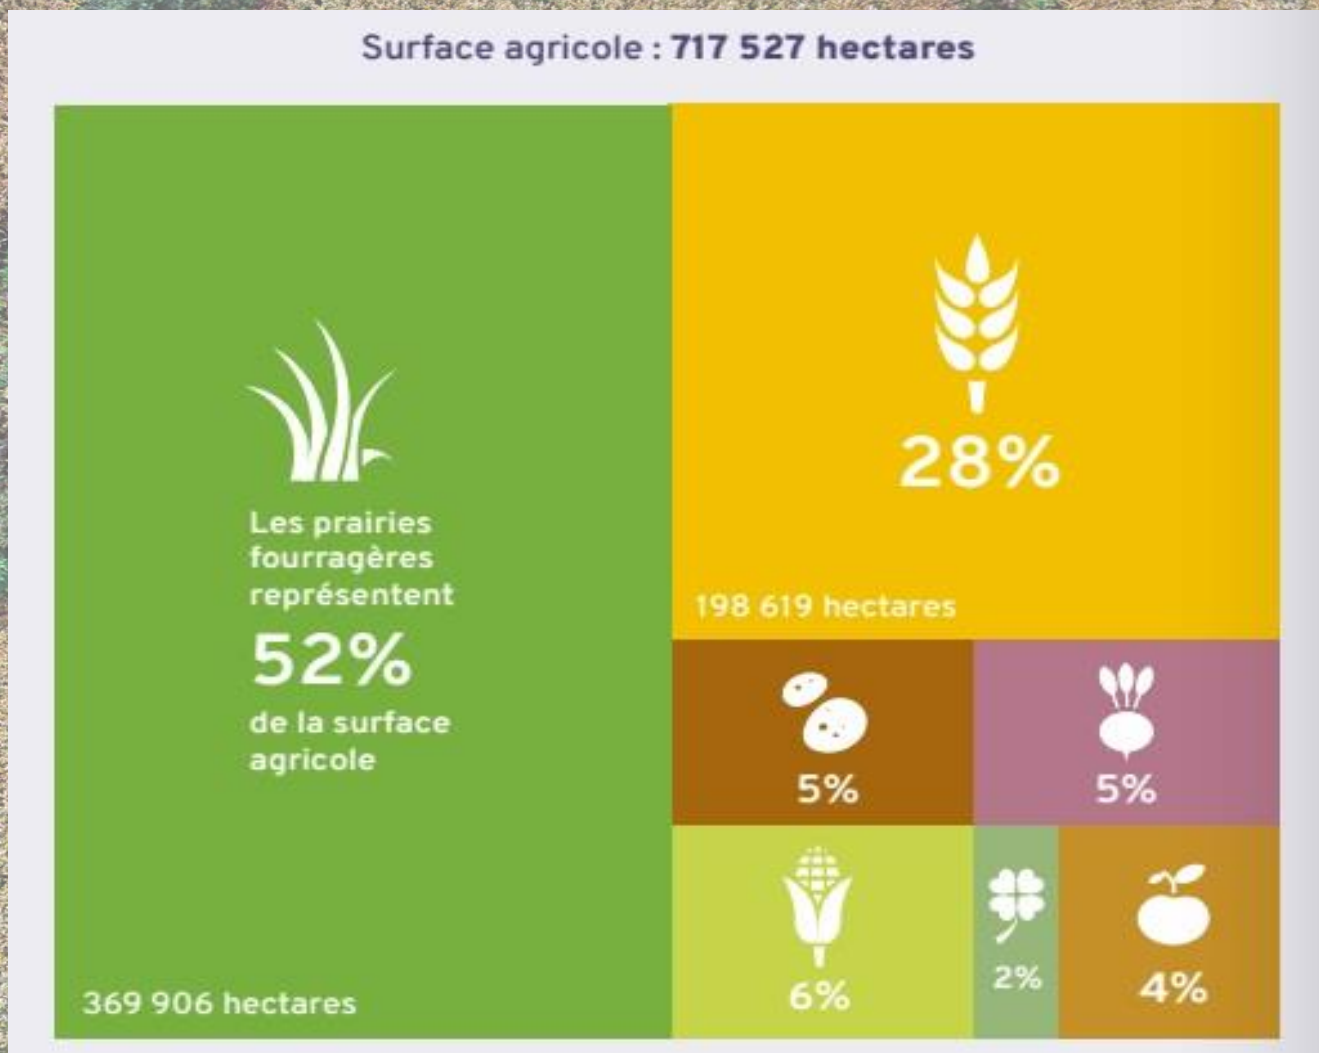

The value of the product for the consumer's physical health, growth, development, reproduction and psychological or emotional well-being

Distribution of agricultural production (ha)
Year 2022

- Wheat
- Heirloom wheat
- Einkoorn
- Quinoa
- Lentils/oat
- Green lentils/camelina
- Beluga lentils/oat
- Blond lentils/spelt
- camelina
- Borlotti beans (trial)
- Chick peas (trial)

Land Farm & Men - Link between Soil & Nutritional Quality

Organic agricultural production

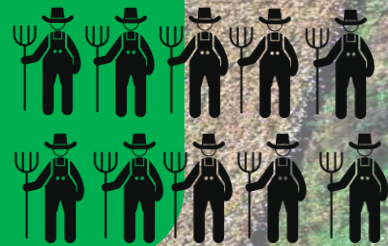

Sorting and processing unit

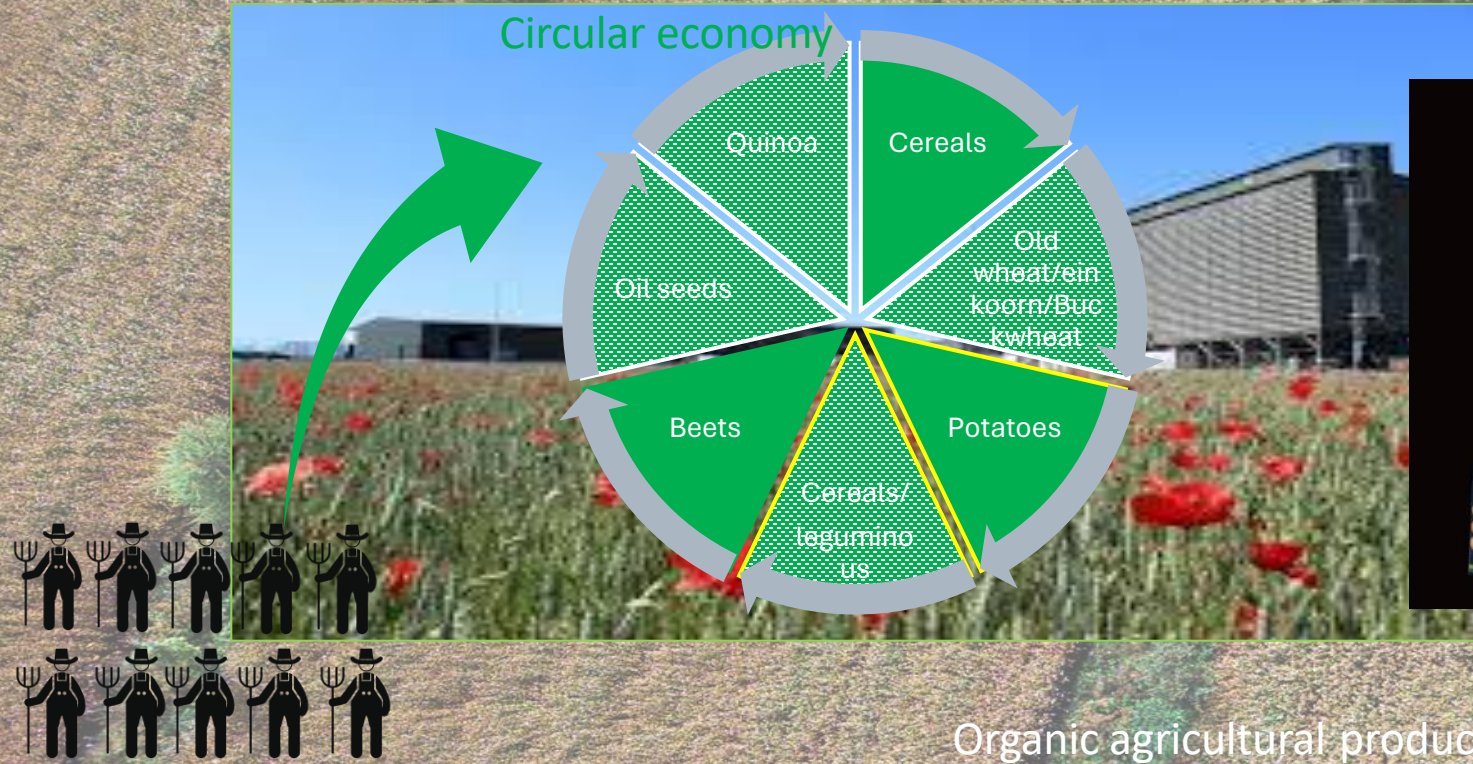

- Sorting with 99.9% cleaning
- Hulling of lentils/eenkoorn/Spelt
- Quinoa desaponification
- Oil pressing
- Flaking line (2026)
- Milling line (2026)

- Agro-ecology/soil conservation agriculture
- Partnership with 50 farmers
- 350 ha
- 10 different cultures
- Fixed price contract
- Annual crop experiments

Organic agricultural production

Agro-ecology/soil conservation agriculture

- Partnership with 50 farmers
- 350 ha
- 10 different cultures
- Fixed price contract
- Annual crop experiments

R&D

- Collaboration for new crops experiments
- CRA (Gembloux)
- ILVO (Gent)

Sorting and processing unit

- Sorting with 99.9% cleaning
- Hulling of lentils/eenkoorn/Spelt
- Quinoa desaponification
- Oil pressing
- Flaking line (2026)
- Milling line (2026)

R&D

- Internalisation of the whole process in Belgium
- Sorting and processing line available to farmers

Logistics & Commercialisation

- 900 points of sale
- 25 different products
- 3 packages
- B2B & B2C

R&D

- No additives
- Nutrition
- Tests and research program (Celabor)
